KENYA PIPELINE COMPANY

P.O. BOX 73442-00200.

NAIROBI.

Dear Sir/Madam

RE: APPLICATION FOR AN ATTACHMENT PLACEMENT

Following your advertisement for an attachment program at your company, I write to express my interest as an attaché in the KENYA PIPELINE COMPANY. I am currently pursuing a degree in Computer Science at Dedan Kimathi University of Technology. I am in my fourth year of study. Throughout my studies, I have developed a strong foundation in various computer science disciplines, including android development, network management and software development. I am eager to gain experience and apply my knowledge in a more practical setting to enhance both the theoretical and practical skills I have acquired so far. The attachment position will greatly help me in expanding my skills in my field of study.

It will be an honour to be able to contribute to the success of your organization, bringing in my expertise and passion for technology.

Sincerely,

Michael Meshack Mwima
